

Redneck Wine Glasses

Supplies

- Pint Mason Jar
- Glass Candlestick
- E6000 Adhesive
- Sandpaper (120 grit or less)

Optional Supplies:

Beads, Enamel Glass Paint, Vinyl Letters, & Armor Etch

Directions

1. Sand the bottom of the mason jar and top of candle stick. Wipe off any dust from the sanding.
2. Place jar upside down on tabletop apply E6000 in circle to the bottom of the mason jar and top of the candlestick. Let sit for a couple minutes.
3. Then place the top of the candlestick on the bottom of the jar. Let dry upside down for 24 hours.
4. Attach printable tag with jute or ribbon.
5. Other options: Before step one: For etched look apply vinyl letter to jar, cover entire jar with Armor Etch, wait 5 minutes rinse off and dry. In step two: Place bead on bottom center of jar before adhering candlestick. After step three: Use enamel paint to paint designs on to the jar and let dry.
