

Really Cool Hot Pads

Supplies for six:

- 2 dishtowels
- 2/3 yard Insul-bright®
- Matching thread

Directions

1. Shrink dishtowels by washing and drying prior to cutting
2. Trim edges off dishtowels to make them all the same size
3. With dishtowels together, cut in half lengthwise, then in thirds so you have six pieces of each dishtowel
4. Cut Insul-bright® 1 inch smaller than size of cut dishtowel pieces
5. Place one piece of Insul-bright® between two pieces of dishtowel to make a "sandwich." Sew around outside edge of "sandwich" with a $\frac{1}{2}$ " seam. Then sew corner to corner, stretching a bit to ease.
6. Clip outside edges at $\frac{1}{4}$ " to $\frac{1}{2}$ " intervals, being careful to not clip through the seam
7. Wash to fray
